It was a cold, frigid night at the cabin on Mount Chillyad but something wasn't right. (No) noise similar to a screech was heard from the chain lift. A monster known as the Kuka Orab Se Far is a Japanese monster that only makes that noise. It's 7 feet tall, has 1 layer of skin, sharp teeth, blue eyes and can only see vibration (things that move). It moves at the speed of lightning. It picks up its foes, throws them on the ground and takes them away. If you see one DONT move a muscle because you could be at its house in 10 seconds.

Success: descriptive language

Future Direction: editing to fix small mistakes
